py and grateful to Revive
gies for what I'm today. I learnt M.
Automation testing course with Revive
chnologies and got placed in an MNC for a
salary of 5.5 LPA.

Being a B.Arch student will NIL IT background,
getting placed into an IT job was possible only
because of Revive technologies.

The staffs moulded me in a way that I could
understand concepts well and they prepped
for interview which boosted my confidence and I
was able to clear the interview.

I enquired about testing course in many institutes
in Chennai, but none of them gave me words but
only business related things like when I will pay
fees, etc., It was only at Revive technologies who
gave me the real confidence and picture of how
